

## 10336708 Summary for children and young people

Name: The Foster Care Charity

URN: 2744403

Date of inspection: 10 June to 14 June 2024

Hello all

We both really enjoyed visiting The Foster Care Charity. A BIG THANK YOU to everyone that emailed and spoke to Dawn and I. We really appreciate the time you took to do this. It was important that we got your views on how well you feel cared for.

It was great to hear about all your experiences and the excellent progress you are all making. You told the inspectors that you felt safe and were happy living with your carers and that you could talk to your carers if you have any worries.

We spoke to your foster carers, staff at The Foster Care Charity, and your social workers. All of them spoke highly about how well you are doing. They are all immensely proud of you. We think The Foster Care Charity supports you and your carers and we saw lots of good work around how they keep you safe.

Finally, we just want to wish you all the very best and hope that you continue to progress and enjoy the activities offered to you!

Thank you again for sharing your views with us.

Kind regards

Lydia Isaac and Dawn Bennett

Social Care Regulatory Inspectors.
